Our company has representative offices in Budapest, Szeged, Debrecen, Bekescsaba, Nyiregyhaza, Miskolc, Szekesfehervar, Gyor and Pecs.

Molnar Security Service Ltd has been operating successfully over 12 years in the field of property protection.

We have been involved in security screening and complex security survey. Our company has been responsible for organising and controlling security services on different scales and levels in many specific cases.

The Molnar Security Service Ltd has no debt towards public authorities. Regarding our professional services none of our clients has ever suffered any damage nor have they claimed for.

Our philosophy

We are always keen to support our clients with innovative suggestions, taking account of our clients' expectations and opportunities to find the most best way to protect their facilities and contribute their success of business.

Our Services

- Complex security service (protecting properties and persons)
- Reception and information service
- Security guarding of programs
- Covering for explosive ordnance disposals
- 24 hour concierge service
- Patrolling
- Implementation of security audits, risk analysis
- Fire service, labour safety, environmental protection
- Building surveillance and operation of security systems
- Cleaning service

Supervising, controlling and contact

The executive manager and the security manager of our company are in charge of the professional controlling of the service we provide.

The security guards are under the command of the competent security manager who organises supervises and controls their work.

The daily management and controlling are done by the competent team leader.

Multiple control system

- All our employees are beyond doubt because of our Security Screening Process.
- Our guards on duties are checked daily by the team leader and weekly by the security manager.
On demand we offer the opportunity of occasional inspections with our client or our client's mandatory.
- Our employees on duties are occasionally checked by undercover inspectors.
- Occasionally we put our employees to the test of their ethical reliability.
- Our employees preparedness (e.g. professional knowledge, relevant legal knowledge, our client's policy, fire strategy, health and safety, environmental protection etc) are double-checked with tests and trainings.

Our company's management gives high priority to keep a good relationship and smooth communication with our clients to be able to adjudge the quality of our service.

We always consider our clients newly come directives or changes in directives highly important and we adapt them in short notice.

Professional education, trainings, keen on quality

Our company's management gives high priority to improve our employees and keep their professional knowledge up-to-date.

We train our guards both the general and most relevant professional directives and the theoretical and practical policies of our clients.

To keep up the quality of our service we pay attention to honour our employees.

Above the correct monthly wage we reward the exemplary performance of our employees with extra bonuses.

Dress codes of service

- Indoor guard uniforms (suit version with certified ID card)
- Indoor guard uniforms (black jeans / T-shirt with certified ID card)
- Outdoor guard uniforms (fatigue-uniform with certified ID card)

Service number and time schedule

In case of assignment we decide the ideal number of guards regarding the clients requirements and particularity of the site / facility then we organise the specific concept of the security and watch regulations.

Our aim is providing a high quality service and a high level of security in the interest of our clients.

We hope our company profile matches your concepts and requirements.

We look forward to hearing from you and hoping we have further cooperation in the future.

Yours Sincerely
